During the quarter ended June 2014, the company's total consolidated turnover was ₹ 3008.99 crores as compared to ₹ 2790.38 crores in the second quarter of 2013. EBITDA in this quarter was ₹ 452.12 crores as against ₹ 490.10 crores in the second quarter of 2013. Profit after Tax in the quarter was ₹ 243.15 crores as against ₹ 261.76 crores in the second quarter of the previous year.

Manufacturing and distribution costs continued to face escalation, though we derived some benefits from the ongoing cost leadership programme and an increase in the sales of premium products.

Demand for cement showed some improvement and the company's overall sales volumes during the quarter improved by 4 per cent, as compared to the corresponding period of the previous year. We expect the positive trend in demand for cement to continue as a result of government's emphasis on housing and infrastructure development.

The Board of Directors at its meeting today has approved an interim dividend of ₹ 15/- per equity share of ₹ 10/- each as compared to the interim dividend of ₹ 11/- per equity share paid in 2013.
