Auditors' Report

TO THE MEMBERS OF SINGHANIA MINERALS PRIVATE LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of Singhania Minerals Private Limited ('the Company'), which comprise the Balance Sheet as at December 31, 2012, the Statement of Profit and Loss and the Cash Flow Statement for the period from April 01, 2012 to December 31, 2012, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ('the Act'). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) in the case of the Balance Sheet, of the state of affairs of the Company as at December 31, 2012;
- (ii) in the case of the Statement of Profit and Loss, of the loss for the period from April 01, 2012 to December 31, 2012; and
- (iii) in the case of the Cash Flow Statement, of the cash flows for the period from April 01, 2012 to December 31, 2012.

Emphasis of Matter

We draw attention to note 17 in the financial statements which indicates that the Company has incurred a loss of ₹ 2,90,536 for the period from April 01, 2012 to December 31, 2012 and, as of that date, the Company's current liabilities exceeded its total assets by ₹ 90,536. These indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

Other Matters

The financial statements of the Company for the year ended March 31, 2012, were audited by another auditor whose report dated May 05, 2012 expressed an unmodified opinion on those statements.

Notes to Financial Statement for the period ended December 31, 2012

1. CORPORATE INFORMATION

Singhania Minerals Private Limited (the Company) is a private limited Company domiciled in India and incorporated under the provision of Companies Act, 1956. The Company is engaged in the extraction of limestone. The Company has not yet started its operations.

2. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of preparation

- (i) The financial statements have been prepared to comply in all material respects with the Accounting Standards notified by Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956.
- (ii) The Financial statements have been prepared as per the revised schedule VI of the Companies Act, 1956 and under the historical cost convention on an accrual basis, except where impairment is made.
- (ii) The Accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

B. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

C. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Products and Services

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Sales are disclosed net of sales tax / VAT, discounts and returns, as applicable. Excise duties deducted from turnover (gross) are the amounts that are included in the amount of turnover (gross) and not the entire amount of liability that arose during the year. Excise duties in respect of finished goods are shown separately as an item of Manufacturing Expenses and included in the valuation of finished goods.

D. Fixed Assets

Tangible fixed Assets are stated at cost of acquisition less depreciation and amortisation. The Mining lease has been recognised as Tangible asset.

E. Depreciation and Amortisation

Depreciation on Tangible assets is charged at the prescribed rate under Schedule XIV of the Companies Act 1956 on straight line method on prorata basis. The cost of mining lease included in leasehold land is to be amortised on the basis of extraction of limestone in proportion to the available reserves of limestone.

F. Impairment

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects

current market assessments of the time value of money and risks specific to the asset. Previously recognized impairment loss is further provided or reversed depending on changes in circumstances.

G. Investments

Current investments are carried at the lower of cost or fair value. Long term investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

H. Income taxes

Tax expense comprises of current and deferred tax and includes any adjustments related to past periods in current and / or deferred tax provisions that may become necessary due to certain developments or reviews during the relevant period. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961 enacted in India.

Deferred income taxes reflect the impact of current year's timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

I. Contingencies / Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. A contingent liability is disclosed, unless the possibility of an outflow of resources embodying the economic benefit is remote.

J. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

K. Current / Non Current

All assets and liabilities are presented as Current or Non-current as per the Company's normal operating cycle and other criteria set out in Revised Schedule VI of the Companies Act, 1956. Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company ascertained its operating cycle as 12 months for the purpose of Current / Non current classification of assets and liabilities.

L. Segment Reporting
